

Generation One Kids

Emotional Literacy & Wellbeing

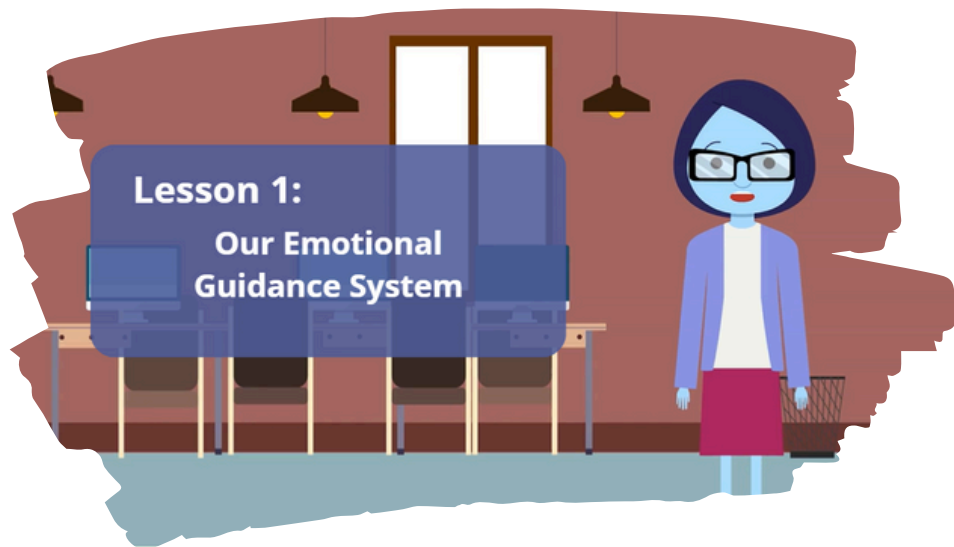

A classroom that promotes wellbeing builds
a foundation for inspired learning.

Our Intention

The Generation One Kids platform was designed to provide educators and students knowledge, efficient lessons and a template to engage students in applying their new knowledge and tools regularly. Our intention is to encourage creative communication and proactive learning in emotional literacy and well-being.

ANIMATED LESSONS

DR. KAITLYN MARTINELLO N.D.

Our content is created based on decades of collective teaching experience, knowledge and continuing education by inspired and dedicated people. Our team members have expanded their training in multiple ways over their careers. We believe a classroom that promotes wellbeing builds a foundation for inspired learning. We build upon research and models that provide a solid foundation for growth, including the work of Joseph Campbell, Dr. David Hawkins M.D., Ph.D. and Jon Kabat-Zinn, Ph.D. We teach from a place of acceptance, compassion, understanding while normalizing diversity and promoting individual talents.

The role of a creative leader is not to have all the ideas; it's to create a culture where everyone can have ideas and feel they're valued.

Sir Ken Robinson
